

DÉCOR – BYZANTINO

TRADITIONAL SOPHISTICATED LIME PAINT

A hint of tradition

Description : Natural paint, based on aged slaked lime, with exceptional anti-mould properties, for interior and exterior use.

Usages : It can be used on any porous new wall surface, which is not painted. Not suitable for surfaces on which an acrylic or other material has been applied, which has made them non-porous / waterproof (eg emulsion paint, oil paint ...). It is available in white colour, or in a large number of colour shades, based on a special color palette

Coverage: Approximately 12 – 14 m² /lt, for each layer, depending on the substrate

Advantages:

- Vapour permeability of the surface
- No fungus /mould
- Very strong adhesion
- Special highlights and a lack of uniformity in the shade of the colour that make the surface look more natural
- Long life

Packing: Available in 10 lt plastic containers

Storage: Keep this product in a shadowed place and avoid exposure to very high temperature or frost (optimum storing temperature: +5°C to +35°C). Maximum storage time, in intact packaging: 12 months after production date.

Application mode:

- Certainly wear protective gloves and eye-protection - glasses.
- Stir the product thoroughly before use .
- The product can either be applied as it is, or diluted up to 10 % with water .
- It can be applied using a brush or a roller , depending on the desirable result.
- It is recommended that you apply two or more layers of different shades, in order to create the patina or the antique wall effect.
- Start with darker colours and finish with lighter ones
- Wait for at least 12 hours between layers, depending on the environmental conditions .
- For an optimum protection of the end surface, you can use the special wax-based varnish VELVET WAX

Instructions for health, safety and environmental protection :

Keep out of reach of children - Avoid contact with skin because it causes skin-irritation - Avoid contact with eyes because it causes serious eye damage – In case of contact with skin, wash with soap and water (do not use solvents) - In case of contact with eyes, rinse thoroughly with water for several minutes. If you wear contact lenses, remove them if possible. Continue to rinse and seek medical advice - Do not empty into drains or water sources - Manage the empty container responsibly and according to current legislation - Do not use empty container for storing food.
