PREPARER: Self-Prepared

Health Product Declaration v3.0
created via: HPDC Online Builder

HPD UNIQUE IDENTIFIER: 210878022854656
HPD UNIQUE PRODUCT ID: Not provided.
CLASSIFICATION: 09 24 00 Cement Plastering
PRODUCT TYPE: Exterior Plasters, Cementitious
Interior Plasters
PRODUCT DESCRIPTION: High strength spatter dash coat. It is used as a first coat (thrown or splashed) in all rendering techniques and methods, to improve the adhesion of the plaster that will follow. It is applied with a plastering machine or a trowel. Suitable for both indoor and outdoor surfaces

Section 1: Summary — Basic Method / Product Threshold

CONTENT INVENTORY

Inventory Reporting Format
→ Basic Method

Threshold Disclosed Per
→ Product

Threshold Level
→ 100 ppm

Residuals/Impurities Evaluation
→ Completed

Explanation(s) provided :
Yes

For all contents above the threshold, the manufacturer has:

Characterized Yes
Provided weight and role.

Screened Yes
Provided screening results using HPDC-approved methods.

Identified No
Provided name and CAS RN or other identifier.

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Nanomaterial ... No

INVENTORY AND SCREENING NOTES:

Special Conditions applied: [GeologicalMaterial]

All intentionally added ingredients and residuals present at or above 1000 ppm (0.1%) in the finished product have been inventoried. The inventory and screening are based on supplier data, SDSs, and internal formulation knowledge. No unknowns are present in the formulation. The screening includes hazard associations per HPD Open Standard guidelines using GHS, GreenScreen, and other referenced lists.

VOLATILE ORGANIC COMPOUND (VOC) CONTENT

VOC Content data is not applicable for this product category.

COMPLIANCE *See Section 3 for additional listings.*

VOC emissions: Eurofins Indoor Air Comfort GOLD - certified product
LCA: Environmental Product Declaration (EPD) by EPD International AB

CONSISTENCY WITH OTHER PROGRAMS

Pre-checked for LEED v4 Option 1.
Pre-checked for LEED v4 Option 2.
Pre-checked for LEED v4.1 Option 1.
Pre-checked for LEED v5 Human Health 1.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- *Basic Inventory method with Product-level threshold.*
- *Nested Material Inventory method with Product-level threshold*
- *Nested Material Inventory method with individual Material-level thresholds*

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 3.0, available on the HPDC website at: www.hpd-collaborative.org/hpd-3-0-standard

SV1

PRODUCT THRESHOLD: 100 ppm RESIDUALS AND IMPURITIES EVALUATION COMPLETED: Yes

RESIDUALS AND IMPURITIES NOTES: All known residuals and impurities present at or above the HPD reporting thresholds have been disclosed and assessed. No residuals or impurities of concern, as defined by HPD guidelines, have been identified in the product. Based on current manufacturing knowledge and supplier information, there are no hazardous residuals or impurities expected to be present in the final product.

INGREDIENT DESCRIPTION AND COMPOSITION: Oxide breakdown : Silicon Dioxide: 0.3% Magnesium Oxide 0.6%, Aluminum Oxide 0.1 %, Ferric Oxide 0.1%

COUNTRY OF ORIGIN: Dionysso Quarry, Greece

RADIOACTIVE ELEMENTS: According to supplier provided information and/or internal testing, it is determined that no radioactive elements are found in this material.

POTENTIAL PRESENCE OF TOXIC METALS: According to supplier provided information and/or internal testing, it is determined that no toxic metals are found in this material.

MATERIAL CONTENT NOTES: Assumed to be 97% ground natural calcium carbonate (CAS 1317-65-3), based on supplier SDS. No known additives. Fully disclosed. The remaining approximately 3% consists of naturally occurring trace minerals including silica (SiO_2), alumina (Al_2O_3), iron oxide (Fe_2O_3), magnesium oxide (MgO), and other minor constituents. These trace components are present in low concentrations, are classified as inert or non-hazardous per HPD guidelines, and do not adversely affect the performance or health profile of the product. Their presence reflects typical geological variations and complies with HPD disclosure requirements for naturally sourced materials.

Section 3: Compliance

This section lists applicable certification and standards compliance information for VOC emissions and VOC content. Other types of health or environmental performance testing or certifications completed for the product may be provided.

VOC EMISSIONS	Eurofins Indoor Air Comfort GOLD - certified product	
COMPLIANCE TYPE: Third Party **CERTIFIER/VERIFIER/TESTING LAB/AUDITOR:** DANAK **COMPLIANCE DETAILS:** **COMPLIANCE SCOPE:** **APPLICABLE FACILITIES:** Facility - Production Site and Headquarters: 1 km of provincial road Markopoulo - Oropos, Polydendri, 190 11, Greece **COMPLIANCE URL:** https://www.nordia.gr/certificates/ **COMPLIANCE NOTES:** This product formulation has been tested and certified under the Eurofins Indoor Air Comfort Gold program, demonstrating compliance with stringent indoor air quality requirements for volatile organic compounds (VOCs) and other emissions. This certification supports the product's suitability for use in healthy indoor environments and contributes toward meeting green building standards such as LEED	**ISSUE DATE:** 2024-10-02	**EXPIRY DATE:** 2029-04-24

LCA	Environmental Product Declaration (EPD) by EPD International AB	
COMPLIANCE TYPE: Third Party **CERTIFIER/VERIFIER/TESTING LAB/AUDITOR:** Business Quality Verification P.C. **COMPLIANCE DETAILS:** **COMPLIANCE SCOPE:** **APPLICABLE FACILITIES:** Facility - Production Site and Headquarters: 1 km of provincial road Markopoulo - Oropos, Polydendri, 190 11, Greece **COMPLIANCE URL:** https://environdec.com/library/epd9530 **COMPLIANCE NOTES:**	**ISSUE DATE:** 2024-02-20	**EXPIRY DATE:** 2029-02-07

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

The product is supplied as a dry powder and requires only the addition of clean water at the job site. No other additives, admixtures, or accessories are required for standard use. This HPD represents a single product formulation manufactured consistently across all facilities. The product is Eurofins Indoor Air comfort Gold certified and has a published and valid EPD.

Section 6: References

KEY

Hazard Types

AQU Aquatic toxicity
CAN Cancer
DEV Developmental toxicity
END Endocrine activity
EYE Eye irritation/corrosivity
GEN Gene mutation
GLO Global warming
LAN Land toxicity
MAM Mammalian/systemic/organ toxicity
MUL Multiple
NEU Neurotoxicity
NF Not found on Priority Hazard Lists
OZO Ozone depletion
PBT Persistent, bioaccumulative, and toxic
PHY Physical hazard (flammable or reactive)
REP Reproductive
RES Respiratory sensitization
SKI Skin sensitization/irritation/corrosivity
UNK Unknown

GreenScreen (GS)

BM-4 Benchmark 4 (prefer-safer chemical)
BM-3 Benchmark 3 (use but still opportunity for improvement)
BM-2 Benchmark 2 (use but search for safer substitutes)
BM-1 Benchmark 1 (avoid - chemical of high concern)
BM-U Benchmark Unspecified (due to insufficient data)
LT-P1 List Translator Possible 1 (Possible Benchmark-1)
LT-1 List Translator 1 (Likely Benchmark-1)
LT-UNK List Translator Benchmark Unknown
NoGS No GreenScreen.

GreenScreen Benchmark scores sometimes also carry subscripts, which provide more context for how the score was determined. These are DG (data gap), TP (transformation product), and CoHC (chemical of high concern). For more information, see 2.2.2.4 GreenScreen® for Safer Chemicals, www.greenscreenchemicals.org, and Best Practices for Hazard Screening on the HPDC website (hpd-collaborative.org).

Recycled Types

PreC Pre-consumer recycled content
PostC Post-consumer recycled content
UNK Inclusion of recycled content is unknown
None Does not include recycled content

Nano Composed of nano scale particles or nanotechnology
Third Party Verified Verification by independent certifier approved by HPDC
Preparer Third party preparer, if not self-prepared by manufacturer
Applicable facilities Manufacturing sites to which testing applies

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard is not:

- *a method for the assessment of exposure or risk associated with product handling or use,*
- *a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
